## Be a volunteer

- Do you want to do something **meaningful that will make a difference**?
- Has the destiny of **children and young people at risk** and the creation of **a better future for them** already crossed your mind and touched you?
- Are you **employed**, a **student** with long holidays or a **retired person** and want to offer **your personal time and contribution** to activities in favour of excluded and street children? Specific expertise in education, medicine or childcare is not a necessity but would be very welcome.

If you are interested in volunteer opportunities with EFSCW's partner organisations, non-governmental organisations working with street children projects directly in the field, please contact the organisations listed in our NGO Database on this website. (<http://www.enscw.org/ngo.htm>)
